# Ready for the competition.

## With best-in-class elevation travel.

**ZEISS**

Seeing beyond

**LRP S3 6-36x56**

**LRP S3 4-25x50**

### **NEW: ZEISS LRP S3 first focal plane riflescopes**

In competition, the Range Officer doesn't care if you can see the targets. They may be half-hidden under brush, lost in the shadows, or simply shot-up from multiple bullet impacts, making them harder to see.

The ZEISS LRP S3 riflescopes give you a decisive advantage over your competition. With Extra Low Dispersion (ED) glass, ZEISS T\* multi-coated lenses, and 90% light transmission, the ZEISS LRP S3 riflescope models deliver advanced optical performance. The new first focal plane riflescopes from ZEISS withstand 1,500 g-force of shock over multiple impact cycles and are therefore ready for the toughest of competitions: Maximum precision for great achievements.

# PREPARED TO DEFEND

NO LICENSE REQUIRED, IMMEDIATELY AVAILABLE

The **Byrna SD** is powered by compressed air (CO<sub>2</sub>).

The compact design of the **Byrna SD** is ideal for concealed-carry and can be taken virtually anywhere.

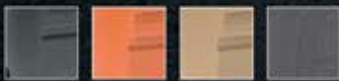

When the trigger is pulled in fire mode, the trigger mechanism simultaneously pierces the **cylinder** and shoots the first projectile.

.68 Caliber round kinetic projectiles & chemical irritant projectiles can disable a threat from up to 60-feet away.

## BYRNA SD READY KIT **R5 499**
